

A t-SNE plot visualizing three clusters of data points. The x-axis is labeled 'tSNE1' and ranges from -1.25 to 0.25. The y-axis is labeled 'tSNE2' and ranges from -0.5 to 1.5. The legend indicates three data series: 'First' (blue dots), 'Second' (orange dots), and 'Third' (green dots). The 'First' cluster is the largest and most spread out, occupying the left and bottom-right regions. The 'Second' cluster is a smaller, more compact group located in the upper-left and middle-right regions. The 'Third' cluster is the smallest and most compact, located in the upper-left region.
